Offset and Digital Printing Equipment Specifications

Harper House offers a full range of choices from 6-color sheet-fed, to customizable digital printing to large format inkjets. Printing equipment and related specifications has been grouped below into three categories.

Conventional Sheetfed Offset

Our pressroom includes 6-color capabilities and inline aqueous coating to ensure precision color and clarity.

Press	Min Size	Max Size	Max Image Area
6-color Heidelberg Speedmaster 74 with coating tower	10" x 13"	20 $\frac{1}{2}$ " x 29 $\frac{1}{8}$ "	19 $\frac{3}{4}$ " x 28"
4-color Heidelberg Quickmaster DI 46-4	5 $\frac{1}{2}$ " x 3 $\frac{1}{2}$ "	18 $\frac{1}{8}$ " x 13 $\frac{3}{8}$ "	17 $\frac{3}{4}$ " x 13"
2-color Heidelberg Printmaster QM	5 $\frac{1}{2}$ " x 3 $\frac{1}{2}$ "	18" x 13"	17 $\frac{1}{2}$ " x 12 $\frac{1}{4}$ "

Digital Color with Variable Data

Our digital technology lets you quickly and cost-effectively print small quantities, change content for ongoing communications, reach segmented audiences with targeted visuals and personalized content using variable data. Our Xerox press prints 4-color process documents on a variety of book and cover stocks. Personalization software can vary 100% of the images and text from your database of customer information.

Press	Min Size	Max Size	Max Image Area
4-color Xerox	N/A	19" x 13"	18 $\frac{3}{4}$ " x 12 $\frac{3}{4}$ "

Large Format Ink Jet

Our large format capabilities allow single or short run printing.

Press	Min Size	Max Size	Max Image Area	Ink Type
8-color Epson 9800	N/A	44" x 100'	43" x 99'	Ultrachrome K3
6-color HP 5500	N/A	60" x 100'	59" x 99'	UV 83
6-color HP 5500	N/A	42" x 100'	41" x 99'	Dye 81
